**Kenai Peninsula Borough
Purchasing & Contracting Department**

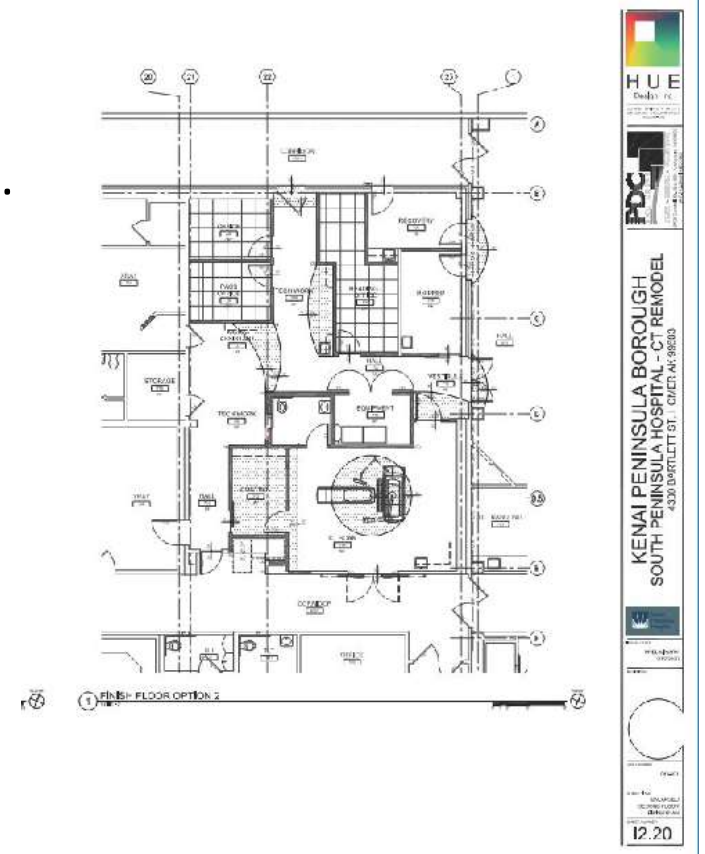

- Ensuring that appropriations are used wisely and in the best interest of the Borough, while preserving the fairness of the competitive process.
- To provide guidance to all departments and service areas as it pertains to purchasing policies and procedures.
- To provide Contract Administration and Project Management for major and minor capital improvement projects for the Borough and its various entities.
- Improve budgetary capital cost estimating practices.
- To dispose of surplus tangible property of the Borough, School District and Service areas.

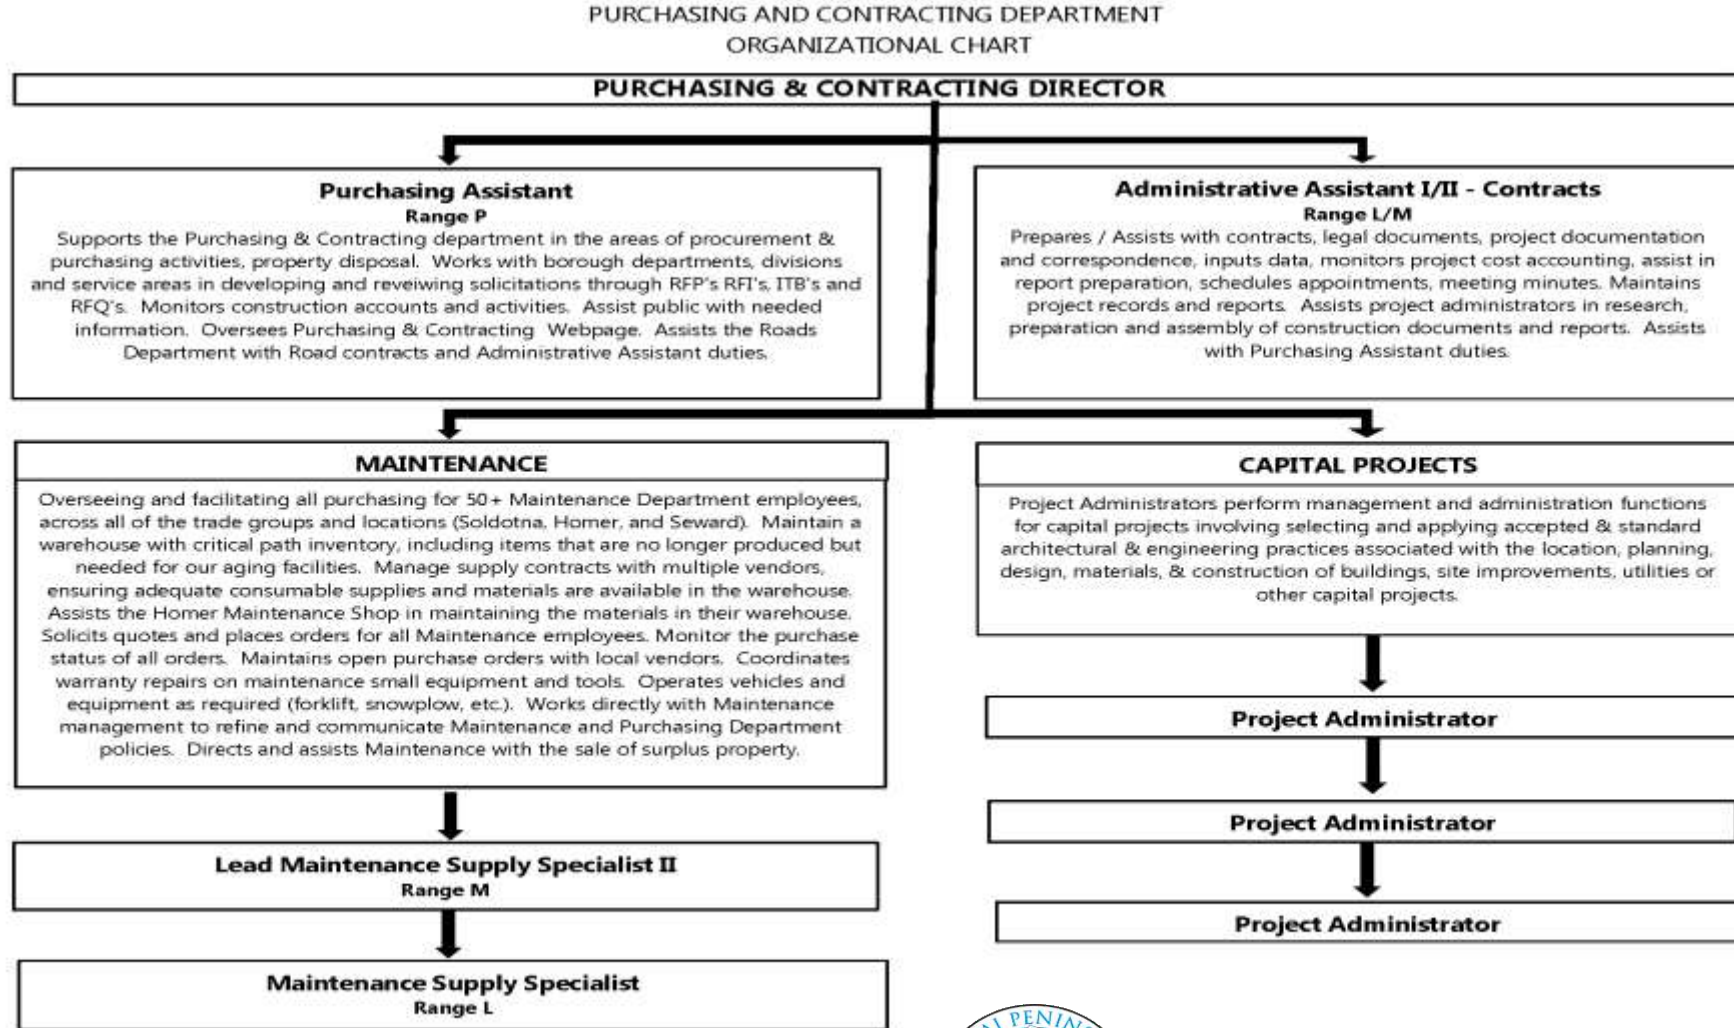

Key Principles

- Drive value through Strategic Engagement.
- Cost avoidance through assessment of hard cost and soft cost values.
- Quality assurance of purchases and services.
- Effective, consistent, and fair procurement and project management practices.
- Encourage stakeholder participation in major procurement and capital improvement.
