**STAFF REPORT - ADDENDUM**

After the staff report was prepared, an email was received by the attorney representing one of the applicants. The email states Linda Ipsen is the personal representative of the Estate of Allen Crosswhite and intends to withdraw the application. An application is considered incomplete if it does not have the signatures from all land owners within the subdivision. Ms. Ipsen’s withdrawal will result in the application being incomplete. This application may be scheduled for hearing once all owners are in agreement.

**Staff recommendation:** Based on the withdrawal from one of the land owners, a motion should be made to remove this item from the agenda due to being an incomplete submittal.
