**C. FINDINGS OF FACT**

The factual grounds, based solely on the evidence submitted at the hearing, upon which the BOE relied to reach its decision, were:

1. The appeal procedural requirements (as specified in Section B above):

☒ Have been complied with.  
☐ Have not been complied with.

2. The Appellant was provided the opportunity to offer testimony of witnesses and evidence during the hearing.

☒ The Appellant was present via Zoom.  
☐ The Appellant was not present.

3. An Assessor's staff member was present and was provided the opportunity to offer testimony of witnesses and evidence during the hearing.

☒ Yes  
☐ No

4. The Appellant presented sufficient evidence to shift the burden of proof:

☒ Yes  
☐ No

5. Additional findings specific to evidence presented in this appeal:

- The Appellant initially shifted the burden by presenting what he believed to be two (2) comparable properties, however, the Assessing Department rebutted the information and explained why the comparables differed;
- The subject property is currently valued uniformly and equitably with the surrounding parcels and other similarly unique parcels;
- Influences were applied correctly and uniformly to the subject property;
- The Assessing Department used standardized mass appraisal procedures and techniques to specify and calibrate market models which were applied uniformly to value properties within the Borough. The modeled values were statistically tested to ensure a level of accuracy and equity of assessment that met the guidelines established by the Alaska Association of Assessing Officers and the International Association of Assessing Officers and is in compliance with Alaska statutes.
- The Assessing Department reviewed the physical characteristics of the subject property to ensure that all data was accurately captured. The Assessing Department was denied access to the interior of the property, however, the exterior review resulted in a reduction in the assessment.

#### **D. CONCLUSIONS OF LAW:**

The legal conclusions upon which the BOE relied to reach its decision were:

1. The BOE reviewed evidence submitted and determined that, as a matter of law, the assessment was an:

☐ Unequal valuation.  
☐ Excessive valuation.  
☐ Improper valuation.  
☐ Under valuation.  
☒ None of the above.

2. The BOE concluded as a matter of law that:

- a. ☒ The valuation by the Assessor is not in error, the Appellant has failed to meet its burden of proof and the Assessor's 2021 total assessed *AMENDED* value of **\$407,600** is upheld.
- b. ☐ The valuation by the Assessor is in error, and the Appellant has met its burden of proof and submitted sufficient evidence to prove that the correct assessment is a total value of \$\_\_\_\_\_.

**E. CERTIFICATE OF REVIEW AND FINAL DECISION**

I certify that I have reviewed the above decision and hereby give final BOE certification of the decision (including the Findings of Fact and Conclusions of Law), which is adopted by the BOE as the Final Decision in this appeal.
