

Kenai Peninsula Borough

Planning Department

MEMORANDUM

TO: Blair Martin, Planning Commission Chair
Kenai Peninsula Borough Planning Commissioners

THRU: Melanie Aeschliman, Planning Director

FROM: Bryan Taylor, Planner

DATE: June 14, 2021

RE: Resolution 2021-17: Recommending Amendments to KPB 21.02, Advisory Planning Commissions, and 21.11, Public Hearings

The Advisory Planning Commissions have not been able to review this resolution as planned. Several APCs have cancelled summer meetings and will not meet again until the fall. The Kachemak Bay APC attempted to meet last week but did not have a quorum. Moose Pass APC did meeting last week but would benefit from having more time for review since they are newly active again.

For the above reasons, I recommend that the Planning Commission postpone consideration of this resolution until its September 27 meeting to give APC additional time for review.
