Reference: Bostwick Subdivision
KPB File 2021-068

My son, Gary L. Todd, and I are the owners of the Todd Subdivision immediately to the east of the proposed Bostwick Subdivision.

As of June 5, 2021, there were three (3) vehicles and one (1) dump truck blocking the entire easement that made it impossible to access Todd's property from the easement without driving on the fields.

Prior to final approval of the above referenced subdivision, all vehicles, equipment and other material within the thirty-three (33) foot section line easement along the eastern boundary of Tract B, Bostwick Subdivision, should be removed.

Since4rely,

John Todd
Todd Subdivision
