Project Description

A Conditional Use Permit is sought pursuant to KPB 21.18 for the construction of a chain-link fence within the 50-foot Habitat Protection District of the Kenai River, as established in KPB 21.18.040.

Project Details within the 50-foot Habitat Protection District

1. Installation of an 8 by 120-foot chain link fence, of which 38 feet will be in the HPD.
2. Approximately 12 feet of the fence nearest the shoreline will be removed seasonally to accommodate wildlife and high water and ice floe events.
3. Installation of metal posts for fencing spaced 6-10 feet apart.
4. Minimal removal of vegetated material.

General Standards

Pursuant to 21.18.081(D) General Standards, the following standards shall be met before conditional use approval may be granted:

1. The use or structure will not cause significant erosion, sedimentation, damage to the habitat protection district, an increase in ground or surface water pollution, or damage to riparian wetlands and ecosystems;
2. Granting of the conditional use shall be consistent with the purposes of this chapter, the borough comprehensive plan, other applicable chapters of the borough code, and other applicable planning documents adopted by the borough;
3. The development of the use or structure shall not physically damage the adjoining property;
4. The proposed use or structure is water-dependent;
5. Applicant and/or owner must be in compliance with other borough permits and ordinance requirements.

Findings of fact pursuant to KPB 21.18.081 Conditional Use Permit

1. Portions of this proposed project are within the 50-foot habitat protection district as defined by KPB 21.18.040.
2. Pursuant to KPB 21.18.081(B)(2), fences may be permitted within the habitat protection district under a conditional use permit.

3. Pursuant to KPB 21.18.081(D), staff finds that the proposed project meets the five general standards above.
4. Pursuant to KPB 21.18.020(A), this chapter was established to protect and preserve the stability of anadromous fish through controlling shoreline alterations and disturbances along anadromous waters and to preserve nearshore habitat.
5. Pursuant to KPB 21.18.20(B)(5), one purpose of this chapter was established to separate conflicting land uses.
6. Pursuant to KPB 21.06.050, chain link fencing allows for the unobstructed passage of water.
7. Pursuant to KPB 21.06.081(D)(3), the proposed work will occur on the applicant's property and shall not have an adverse effect on adjoining properties.
8. Kenai Peninsula Borough Planning Commission Resolution 2015-35 defines water-dependent as:
...a use or structure located on, in or adjacent to water areas because the use requires access to the waterbody. The definition is applicable to facilities or activities that must be located at or near the shoreline and within the 50-foot buffer. An activity is considered water dependent if it is dependent on the water as part of the intrinsic nature of its operation. Examples of water dependent facilities may include, but are not limited to, piers, boat ramps, and elevated walkways.
9. The River Center found the application complete and scheduled a public hearing for June 28, 2021.

2. The fence must be designed and installed to meet KPB floodplain requirements.
3. The permittee shall minimize damage to all vegetation and shall revegetate all disturbed areas with native vegetation.
4. For each tree removed, two seedlings less than 5.5-feet tall of a species native to the region will be planted within the 50-foot HPD.

8. The permittee shall be held responsible for the actions of the contractors, agents, or others who perform work to accomplish the approved plan.
9. The construction or installation phase of this Conditional Use Permit must be completed within one calendar year from the date of the permit's issuance, or the Conditional Use Permit shall expire unless the Planning Commission finds that more time is necessary to effectuate the purposes of this chapter, in which case the commission may extend the deadline for a maximum of six years from the date of issuance.
